

# Arts and Crafts Club

The Arts and Crafts Club aims to promote interest and skills development in various types of arts and creative mediums. The chart shows the many types of crafts that are established as groups, which meet in the Arts and Crafts Room in Independence Center according to the workshop schedule listed. We offer activities at all levels, from beginner to advanced.

**Stamping** uses many mediums: card stock, dies, heat guns, chalk, ink pads, acetate sheets, ribbons, buttons, bows, string, silk and paper flowers, embossing folders and powder, stickers, colored pencils, markers and more. Dies vary from very simple to quite intricate and are used to cut objects of various shapes and/or patterns, which are placed on top of or inside cards.

Die packets and cards of all shapes, sizes, colors and textures are available at art stores. Cards can be "nested" (various shapes and designs are layered on top of each other) or multi-dimensional. Dies are placed in a "sandwich" made of acrylic blocks, wax paper, and card stock; then manually rolled through a cutting machine and applied to cards via glue or masking tape. A straight edge ensures the message (heart shape, text, etc.) is aligned as desired. Background colors are "smudged" using make-up sponges and/or art brushes, or using a standard pencil eraser. A "puncher" creates various shapes for labels, which are stamped with various (Happy Birthday, Ooh La La!, Thank You, etc.).

Initially, stamping consisted of three groups; eventually the beginning and intermediate groups combined, and members attend whichever meeting time is convenient.

Once a month a member of the group presents three or more distinct designs, explains the process and provides all necessary materials. The advanced group previously donated greeting cards to military personnel to facilitate their maintaining contact with loved ones. Currently, cards are donated to a local nursing facility.

Beginning and intermediate newcomers are welcomed. A newcomer should bring only scissors and an adhesive roller. A shopping list is later provided for additional materials. The advanced group accepts new members with prior experience in this craft. Regardless of group level, newcomers are asked to contact a group leader in advance, so that the instructors can provide supplies for the entire group.

Visit the Arts and Crafts Club's display cases in the Anthem Fitness and Independence Centers. Examples of group works are displayed and rotated throughout the year for your enjoyment and inspiration. Some items are for sale also! Direct inquiries about items in the Anthem Center displays to Robin Wilen, (702) 405-6535. The cases in Independence Center can be accessed by the front desk monitor.
